5. About You

5.1) On average, how many hours each week did you devote to this course outside the classroom?

5.2) What resources did you use throughout the semester? (Check as many as apply)

5.3) Which ones were beneficial to you? Which ones were not? Please explain below:

- Going to professors and recitation teachers office hours were not beneficial

- I did tutoring and it helped in clarifying any questions that I had.
- Lidicky was very clear in explaining how to do the quiz problems that were asked for before the quiz. The instructor also made the course really interesting, as he used his dry humor to entertain and motivate us through the class.
- N/A
- Supplemental instruction and exam reviews helped me.
- The Khan Academy videos were great because I tend to teach myself and they were great at filling in the missing pieces.
- The quizzes were most beneficial to me to learn class material. I looked over the slides from lecture a lot.
- The test review was very helpful during SI. Khan was not very helpful
- They were all beneficial.

6. Other

^{6.1)} Additional Comments

- Going over the quiz problems, he made them easy to understand!
- Lidicky was able to answer most all of our questions in calculus
- Lidicky was extremely helpful this semester. I didn't understand much if anything during the lectures, but he did his best to make up for that and explained stuff really really well at a level that was understandable and clear. I'm not sure if there is any problem this man can't solve.
- N/A
