5.1) On average, how many hours each week did you devote to this course outside the classroom?

5.2) What resources did you use throughout the semester? (Check as many as apply)

5.3) Which ones were beneficial to you? Which ones were not? Please explain below:

- All of them, SI was the most beneficial.

- Both were very beneficial to me
- I could not attend most of the SI sessions due to scheduling conflicts, but I really enjoyed going to the office hours with Lidicky. He was a very good instructor who taught math well and was funny and relatable.
- Recitations were the biggest reason I'm doing well in this class hands down. HW was always disconnected to what we were learning/ what was on the test.
- SI and online tools were beneficial. Instructors Office hours were not beneficial.
- SI were great. Keep them. :)
- TA Office hours, SI was not as useful
- The office hours were extremely helpful for learning the new topics.
  
- They were beneficial because they reminded me of simple formulas I had forgotten.
- This course was all about effort. Any resource was useful.
- both, khan academy cleared up concepts, office hours good for details of specific problems
- the SI and the online tools helped me understand difficult questions
- the instructor give me many help on quiz and exams

## 6. Other

### 6.1) Additional Comments

- If I got to choose, I would gladly have Lidicky again as my TA for Calc 2
- Lidicky is a great guy.
- None
- PLEASE RELEASE VIDEOS ON HOW TO DO THE QUIZ PROBLEMS
- This instructor was overall really helpful and beneficial. The only complaint I would have was the language barrier. Sometimes it was hard to understand what he was saying.
